

# SPIRALING TWIG WREATH

**Skill Level: Beginner**

**Materials:** Twig wreath form; dried ferns; dried pomegranates; large dried sunflower; spool wire; wire cutters; garden clippers; hot glue gun and glue sticks

**Directions:**

1. Glue ferns to wreath form, following spiral.
2. Cut 10 inches of wire for each pomegranate. Hot glue wire to base of each fruit; twist ends together. Twist wires around wreath to secure a ring of pomegranates around wreath.
3. Trim stem from sunflower; glue in center of wreath
